

Town & Village of Liberty Comprehensive Plan Survey

The Town and Village of Liberty are developing a joint comprehensive plan. The existing comprehensive plan was completed in 2008. A comprehensive plan is a non-regulatory document that describes the town's history and current conditions, and it sets a framework to help guide the future of the community. The purpose of this survey is to gather public input that will inform the development of the plan. An appointed Comprehensive Plan Steering Committee is helping to lead the process, and all meetings are open to the public.

To take the survey online, click on the following link: **TO BE PROVIDED COUNTY PLANNING**
